### **TO WHOM IT MAY CONCERN**

In June 2012 Warrina Homes Incorporated engaged Brimblecombe Builders Pty Ltd to provide construction management services for the additions, alterations and refurbishment of its 35 year old Warrina Court Residential Care Facility at 46 McShane Street, Campbelltown. Concurrent with that project, and commencing March 2014, Warrina Homes also engaged Brimblecombe Builders Pty Ltd to undertake the conversion of its Corporate Services wing in the Warrina Park Residential Care Facility at 59 George Street, Paradise into four superior residential care suites.

The Warrina Court project is due for completion early September 2014 and the Warrina Park project was completed in July 2014.

As Manager, Assets & Development for Warrina Homes, I have been delighted with the progress and outcome of both projects and commend Brimblecombe Builders on meeting our expectations and delivering high quality finished and refurbished buildings. Work in and around existing residential care facilities, which are highly regulated, required good forward planning of works, a strong level of flexibility and sympathetic consideration of resident and staff needs. I can say that Brimblecombe Builders excelled in all of these areas.

In particular I would like to pay tribute to Gordon Tuft (Project Manager) and Stephen Reynolds (Site Manager) for their excellent industry skill sets and the professional manner in which they conducted themselves at all times. I have thoroughly enjoyed working with Gordon and Stephen for over more than two years now.

I have no hesitation in recommending Brimblecombe Builders to you and I personally look forward to engaging them again for future Warrina Homes' construction projects.
